Matters of taste, judgments of elegance and economy, play an important part in the development of science. Personally, I feel that the right interpretation is to be found along these lines, but that the Copenhagen School failed adequately to acknowledge how problematic it is to understand in detail the role of these classical measuring instruments.

Hehaddiscoveredthenucleus. In the Logos edition, this valuable volume is enhanced by amazing functionality. Heisenberg allows an electron to have position we can know where it is or momentum we can know what it is doing but not both at once we cannot visualize its state of motion as we can in classical physics.
