Their seas abounded with fish, but since they held water sacred they would not, injure its inhabitants for they believed them to be spirits. Before describing the religion and superstitions of our earliest ancestors, which will bring me to the real purpose of this book, I will add a few remarks upon their manners and peculiarities.

Their reverence for the serpent's egg has its origin in their mythology. So, too, were Numa's sacred writing buried with him by his orders, in compliance perhaps with the opinions of his friend Pythagoras who, as well as Socrates, left nothing behind him committed to writing. The beaver fished in their streams, and built its earthen towns upon their banks. Anthony Adolph.
