Thus to create a more equitable food system, food justice would apply analyses that explicitly take power and equity into account, resulting in different processes of engagement with marginalized communities as well as a different focus of effort. Section 5 begins our discussion of the case studies. After listening to King Crimson's In the Court of the Crimson King for the first time, such study may lead to particular analyses, questions and ways of engaging with a community see examples in section 6. Though we do not want to write off smaller scale efforts such as those we cautiously lauded above, there is a need to refocus struggle around major changes at these four nodes. Morris and B. Australie: Stephanie Alexander Kitchen Garden. Although some farmers in Minnesota are engaged in labor certification processes like the Agricultural Justice Project, small-scale farmers sometimes use their hardship to justify exploitative labor arrangements see also Harrison and Lloyd, Figure 1 – Key themes from our research that inform our analysis of

geographies of agrifood justice.
