London: Athlone Press Hochschild, A. Apparently, the research groups also had problems defining the transition from lower secondary to upper secondary – see Austria 29 : 23Denmark 23 : 19 and France 26 : 19 where the research groups found more respondents who had completed lower secondary level than Eurostat. Dataaccessrestrictions. King also makes use of recurrence and parallelism to emphasize his point and to make his argumentation easy to follow Now is the time... Next, a bilingual but monocultural member of the respective national project teams translates the questionnaire. This is in comparison to item 7, where the picture is one of gradual change in attitudes over time. In:Osborne,StephenP.Thus, this body of work will focus on the seven criteria for textuality to enable the reader to develop an understanding of the features of a text, which are considered to be indicators for textuality.
