Biological mothers and adoptive mothers in lesbian parental partnerships are both, in the end, mothers. This work is a bright example of dystopia. A game that would determine our future.

There are plenty of advantages to having the lead character in a story of astra. There is most certainly basis for this approach: there is more than ample evidence in the text to suggest that their relationship is a romantic and sexualized one, as Katherine

Hill-Miller and others have outlined. Stanford: Stanford University Press. How can people live in such a dystopia? Casual talks about genetics in the early going take on a new significance as the book advances; this is a tale of a grim future, the evolution of humanity, and the questions that face the society to come.
