About Orchids: A Chat. Many tricks have been discovered since, but for lasting success assuredly our systems are no improvement.

A comprehensive manual covering all orchid species, grexes and cultivars, etc.  
John Ruskin. First published in and the most comprehensive orchid book of its time, there was a second edition in and a number of later editions which did not have the color plates lithographed.

A well-illustrated work with chapters on all the most popular genera and a detailed work covers all About Orchids: A Chat of growing ornamentals, orchids, fruit trees, flowers, palms, etc as well as controlling pests, attracting birds, etc, all arranged in a monthly format. With detailed information on glasshouse flower growing and marketing, the author presents still valuable information, including on flowering border plants, pot plants, annuals in pots, bulbs and corms, orchids, control of pests and diseases, greenhouse operations, cultivation.
