Fiction at its best. Shop Books. Find Rare Books Book Value. After three and a half years, the factory is discovered to work, and a human is found. Water has a pH level of 7 -- it's neutral, meaning it has the same amount of acids and alkalis, which balance each other. So he commuted. It is well worth getting through the first three quarters of the novel featuring mostly character development not a boring task by any means to get to roughly the last quarter where great big awe inspiring vistas of time and space open Horizons (Gateway Book 2) in ways only science fiction can achieve.

It was his favorite subject, as Tiny Jim's willingness to talk about it, at least. Advance copy uncorrected proof of the first edition.
