All that said, while I felt satisfied at the finish, I realized there were some parts that could have benefited from trimming further thoughts below spoiler. Gone are the pillars of civilization. Recommended, particularly if you like the slow build American Elsewhere the weird. One of those situations, like in the ballpark, when there are so many players so close together. It was superb and essential familial conflict- goes back to the oldest story tellers, and the Bible. I can go American Elsewhere for weird as long as the story is well told. The straight SF elements revolve around the ruins of Coleman laboratories, where the mystery, the atmosphere, and the outcome are top notch
