Where did the information in the cell come from? When this restriction is used in historical science, it disqualifies any inference to supernatural intelligent design, either before or during history, so scientific explanation equals naturalistic explanation. Whole-Person Education for Science and Faith. Jastrowwrotethesethoughtsthatsummarizetheviewofmanyscientists. About the Author : Stephen C. The resolution emphasises that the aim of the report is not to question or to fight a belief, but to "warn against certain tendencies to pass off a belief as science".

Einstein's general theory of relativity predicts that the universe must expand. Has Stephen Hawking gotten it so wrong? Although the philosophy is fairly sound throughout the rest of the book, I

am not personally convinced by Meyer and Behe's arguments, which suggest that evidence for design can be found in various cases of irreducib A very interesting read.
